

THE FOUR WINDS BY KRISTIN HANNAH

Chappelle Gardens Book Club Review:

Our book clubs have read two other Kristin Hannah books (*Winter Garden* and *The Great Alone*) and her writing style is consistently loved. *The Four Winds* did not disappoint and true to Hannah's gorgeous story telling.

This novel is emotional about the effort of migrant workers in California during the Depression. Deeply moving and a powerful story about strength and resilience of woman.

“She discovered the best of herself in the worst of times...”

“American history about Great Depression weaved into the story effortlessly“

“Sweeping story that is quite emotional“
